

HARTLAND COMMUNITY POLICE PROTECTION

HARTLAND TOWNSHIP—Hartland Township’s Board of Trustees has approved a contract for police coverage dedicated to the Hartland area. In a partnership between Hartland Township, Hartland Consolidated Schools, and Charyl Stockwell Academy, the Livingston County Sheriff’s Office will provide a designated sheriff deputy to the Hartland area 12 hours per day for 365 days a year.

With the Police Protection contract in place, Hartland will receive community coverage throughout the township area. Duties of officers will include patrolling of streets and parks, visibility in local parking lots, traffic enforcement and accident coverage, and daily school visits and checks. Officers will also be the designated contact person when issues come up which may require law enforcement assistance.

Due to the nature of this collaboration, with funding being provided by the Township and Schools, there will be an increase of law enforcement coverage with no tax increase to Hartland residents. The funds will be provided from existing operating budgets.
