Re: **Residential Well Sampling**
Hartland 36 Gas Plant
SE/NE/NW Section 36, T03N-R06E
Hartland Township, Livingston County, Michigan

Dear Mr. Lehman:

Per the request of Merit Energy Company (MEC), Environmental Consulting & Technology, Inc. (ECT) performed residential water supply well sampling in October 2015, June 2016, and July 2016 in Hartland Township, Michigan. A total of fifteen water supply wells were sampled by personnel from ECT. The samples were submitted for the analyses noted in the below table to an independent/third party accredited laboratory. Laboratory analytical results were reported as "ND – not detected at the Reporting Limit" for all analyses requested for all samples collected. *Laboratory analytical reports are attached. Figure 1, attached, depicts the approximate locations of all sampled residential water supply wells.* The following table indicates the addresses, dates, laboratory analyses requested, and laboratory report number for sampled wells:
